Things we can implement in our weekly scrum model and how to advance our productivity:

1. Belbin roles (Team roles): https://testyourself.psychtests.com/testid/3113

2. Idea sessions: everyone shares their thought´s, which will be documented

3. Common goal- knowledge of different expectations, what is our motivation

4. Definition of Management: Planning Organizing, monitoring and controlling

5. Time-Cost-Resources-Quality

Planning the project work.
